

KDS

Best Partner for Sustainable
Development of Global Community

Korea Institute for Development Strategy

BEST PARTNER FOR SUSTAINABLE DEVELOPMENT OF GLOBAL COMMUNITY

VISION

Best partner for sustainable development of global community

GOALS

- To become a leading global consultancy in international development
- To expand and lead the development consulting industry in Korea

STRATEGY

- Provide comprehensive economic development strategies for developing countries
- Support institutional and capacity development of developing countries
- Effectively conduct ODA policy research and evaluation
- Lead the growth of development consulting industry in Korea and train professionals
- Support public and private sectors' cooperation with developing countries

CORE VALUES

- Humanity
- Passion
- Pioneering
- Professionalism
- Mutual Respect

CHAIRMAN'S MESSAGE

“Sustainable development of global community is a challenge for all of us.”

PRESIDENT'S MESSAGE

“Let's make the dream of international development enjoyable together”

for we respond to those who call out for help,
for we have suffered their pain and difficulties,
for being with them is helping ourselves.

Young people who dream of international development and seniors who want to share their experiences of development have gathered together.

We set a goal of creating impact in international development and becoming the cradle for young people on this purpose.

Ceaseless steps in the wild road have led us closer to the dream for a better world together.

Young men and women captivated in international development,
Seniors who want to share their knowledge and wisdom for the countries in need,
And global friends who need Korean companion for their efforts for development,
Let's take hand in hand and reap the fruits of international development together!

Seung-Hun Chun, Ph. D
Chairman
Korea Institute for Development Strategy

International Development Consulting Platform of Korea

We will become an open organization where people with a warm heart for their neighbors can work together. Everyone who wants to work in the ODA industry can knock on the door of KDS, where you can come in and share your future as an employee or professional.

ODA Incubator of Korea

While developing expertise in the ODA field, we will strengthen the knowledge management system(KMS) to effectively utilize it for the performance management and to better collaborate with experts so that each person can do the work that suits their abilities and roles within the big nest of KDS.

Fair and Transparent Organization

We will operate a transparent and fair compensation system based on performance so that you can be rewarded for your efforts, and become an organization where you can work cheerfully and passionately.

‘If you want to go fast, go alone; if you want to go far, go together’ KDS will be an organization where people in the field of international development consulting work together, happily for a long time.

We will become an organization that makes your dreams come true

Ki-Deok Shin, Ph. D.
President
Korea Institute for Development Strategy
